ABOUT

As a Software Developer with a background in theater, film, sales, and home care, Nimay Ndolo has a mix of tech-based, creative, and soft skills that have equipped her with the tools to excel in both the technical and creative sides of software development.

She attributes her drive and motivation to her sales and theater experience while attributing her soft skills and creative eye to her film & home care background. Her time and conversance in these fields has molded her into a fantastic, well rounded, and highly adaptable candidate that would make a great addition to any team.

FUN FACTS

- My favorite song of the moment is Malambo No. 1 by Yma Sumac.
- The best 2021 show I've seen all year is Cruel Summer
- If I were given $3000 to spend on fun right now, I'd buy a crystal kayak.
- I'm a HUGE creepypasta , SCP, and r/nosleep fan.
- I have a husky and he's 10/10 a good guy.

SOFTWARE ENGINEERING IMMERSIVE FELLOW

General Assembly - Remote
March 2021 - June 2021

- Built and interacted with RESTful APIs.
- Constructed front end and back end of MERN apps.
- Collaborated with team members in Agile environment utilizing scrum and version control tools (ex: Git, GitHub & Trello).
- Built well-organized and reusable code.
- Design visually appealing and modern SPA's that showcased strong design principles.
